

## SOME OF OUR LOCAL GROWERS

For more than 45 years Westborn Market has been proud to support our local farmers. We work hard to provide you with the broadest possible selection of the highest quality produce available. Our search for that produce begins right in our own backyard. We are committed to buying from local producers whose fruits and vegetables meet our high quality standards. We are greatly increasing our efforts to seek out more unique, local and high quality products in each and every department.

**“From the farm to our stores within 24 hours.”**
