Meats, dairy products, fruits, veggies, nuts and seeds without additives are naturally wheat and gluten free. This list has been developed from information provided to us from our manufacturers.* Not all of the products listed are available at all our locations and as hard as we try to keep this list current, a few products might have slipped through the cracks and our store may carry more gluten-free items than appear on this list.**

*Please address specific product questions to the product manufacturer, contact information will be available on the package.

**Please read all product labels, as ingredients can change.

WHAT DO THESE MEAN?

"GF" is short for Gluten-Free | **O** is for "Organic" | **W** is a symbol for a "Westborn Favorite"
